## Airport arrival

Two airports service the Gold Coast – Brisbane International Airport and Gold Coast Airport. Delegates travelling through Santiago can get connecting flights from Auckland, Sydney and Melbourne into the Gold Coast or Brisbane. Delegates travelling through Los Angeles can get direct flights to Brisbane.

**Brisbane International Airport** is 50 minutes to 1.15 hours from the venue. There are direct flights from North America and Asia into Brisbane. Brisbane Airport's Domestic and International Terminals are located four kilometres from each other. Brisbane airport offers a complimentary Terminal Transfer Bus service that transfers between the Domestic and International terminals. Transfer time between the terminals is approximately 10 minutes. Due to security measures, passengers are advised to allow ample time to process through immigration and security screening points into the Departures area. To allow for this, check-in counters generally open three hours before departure for most international flights and 1.5 hours for domestic flights.

**Gold Coast Airport** is 25 minutes from the venue. All domestic and international flights operate from one terminal. Most domestic airlines require you to be at the check in counter at least 45 minutes before departure. For departure, international airlines require passengers to check in at least two hours prior to departure. We encourage you to read all the available information provided to you by your airline as they will advise their preferred times.
